

Dear Resident:

Midcontinent Communications is excited to bring services to Moorhead! You will soon be able to enjoy your favorite cable, music and sports channels, high definition cable television, blazing fast broadband Internet, and crystal clear digital phone service – all with the best customer service around!

Over the coming months, we will be working daily in your neighborhood between the hours of 7:00 a.m. - 7:00 p.m. Most of the work will take place in right-of-ways, easements, and alleyways. Occasionally, it may be necessary to perform work in homeowners' backyards. We apologize for any inconvenience this may cause and assure you that there will be minimal impact to your yard, which will be restored to its normal condition when our work is completed.

City and local officials have been notified about this project. Look for further information soon announcing when Midcontinent services will be available in your neighborhood. If you have any questions or concerns, please call Customer Service at 1-800-888-1300.

Thank you for your patience during our construction. We look forward to serving you!
